1. Multi-Jurisdiction collaboration

2. XML standards for data sharing and interoperability opportunities

3. Update on county projects:
   - Treasurers Tax Payment
   - GetMyTags.com
   - County Land Record Information System (CLRIS)
   - County Real Estate & Electronic Government Advisory Committee
   - Electronic Transaction Clearinghouse for medical claims
   - GIS

4. State update on some of their major initiatives especially as it relates to the local governments E-government initiatives communicating with the citizens.

We can probably integrate topics 1, 2, & 4 above into the existing topics we have been developing (see below):
   ⇨ Service-Oriented Architecture (SOA)
   ⇨ Current State Government Projects and Initiatives and Top Priorities for 2007-2008
   ⇨ Electronic Records Management
   ⇨ Information Management – Privacy and Identity Theft
   ⇨ Criminal Justice Information Sharing (CJIS)
   ⇨ Real ID Act of 2005
   ⇨ E-Government Case Study: DNR Online Campground Reservation System

Topic	Moderator	Panel Members
Service-Oriented Architecture (SOA)	Michael Tutty	
		Larry Murphy
		Ken Bosier
Current State Government Projects and Initiatives and Top Priorities for 2007-2008	Tim McLaughlin	
		Rich Jacobs
Electronic Records Management	Steve Mosena	
Information Management – Privacy and Identity Theft Real ID Act of 2005	Tom Shepherd	
		Steve Gast
Criminal Justice Information Sharing (CJIS)	Larry Grund	
		Larry Murphy
		Dave Meyers
		Sheriff Anderson
E-Government Case Study:		
DNR Online Campground Reservation System		Tim Erickson
Attorney Registration and Licensing
